Dear Prevention Professional,

Join WASAVP members on July 10 as we roll out new information about What Works in preventing and reducing youth use of marijuana.

WASAVP is hosting the *What Works Youth Marijuana Prevention Symposium* on Wednesday, July 10, 2013 from 8 a.m. to 5 p.m. at Federal Way Community Center.

Learn which are the evidence-based programs and the criteria used to determine these programs. Washington State sits on the cutting edge of experience and research. This Symposium will give you an overview of what is known at this time from researchers, professionals, academics, community advocates, and technicians. Education, policy, advocacy, strategic program implementation and coalition work continue to be essential.

Registration is free and begins at 8 a.m.

Lunch is provided on site with a lunchtime speaker.

Wrap up the day with a guest appearance from former U.S. Senator and national marijuana prevention advocate Patrick Kennedy to experience the critical importance of prevention.
